

# **National Association of County Behavioral Health and Developmental Disability Directors**

*Empowerment – Community – Advocacy*

## ***About Us***

The National Association of County Behavioral Health and Developmental Disability Directors (NACBHDD) is the premier national voice for county behavioral health and intellectual/developmental disability authorities in Washington, DC. Through our work in policy, advocacy, and education, NACBHDD elevates the voices of local leaders on the federal level in Congress and the Executive Branch.

NACBHDD is incorporated as a non-profit 501(c)(3).

## ***About the Program***

NACBHDD's Corporate Partners Program for 2024 is designed to be mutually beneficial to our members in the public sector and our partners in the private sector. By encouraging dialogue, facilitating information exchanges, and providing opportunities to meet and build relationships, NACBHDD offers a venue in which government and industry can learn from each other, collaborate on projects of mutual interest, and coordinate efforts to improve public policies and supportive services for those living with mental illness, substance use disorders, and developmental disabilities.
